## Staff Perfusionist – Augusta, GA \*\$5,000 Sign-on Bonus\*

### Description

\$5000.00 Sign-on Bonus

Any candidate who goes through Perfusion Life will receive a \$5000.00 sign-on Bonus.

We are seeking a full time Staff Perfusionist to join our team in Augusta, Georgia. Currently, we perform approximately 250-300 open heart cases. Recently, we have added a CT Surgeon to our group and anticipate an increase in cases. We have an awesome team that works well together!

Basic Function: Monitor, operate and maintain the pump-oxygenator (heart-lung machine) during open heart surgery. Assist in all blood recovery and blood exchange processes performed throughout the health system. Support and provide clinical coverage and expertise for ECMO services throughout the health system as needed.

Augusta University/ AU Health is an equal opportunity employer including individuals with disabilities and veterans.

### Qualifications

Minimum Requirements: Graduation from an accredited perfusion program and license, or license pending in the case of recent graduate. Must possess a current American Heart Association BLS certification.

Preferred Requirements: Licensed Perfusionist with a minimum of two years' experience or an equivalent combination of training and experience.
