Assists with patient care in the support and supplementation of the circulatory system. Such care includes performance of elective and emergency cardiopulmonary bypass, cardiac and respiratory assist, diagnostic measurement, and autologous blood salvage.

About United Health Services

United Health Services is a not-for-profit healthcare system serving more than 500,000 people in Upstate New York's Southern Tier region. We offer integrated healthcare services across 60 locations, including four hospitals, three walk-in centers, and 22 primary care offices, in addition to home care services and senior living facilities. The United Health Services system employs more than 6,300 people and comprises 600+ providers who are all committed to providing and supporting the delivery of exceptional patient care.

United Health Services employees and providers are "LOVED!" This means we're Living Our Values Every Day. Here, you'll join a team that is dedicated to values-based, coordinated patient care. Every day, we outwardly live our Values of Compassion, Trust, Respect, Teamwork, and Innovation.

About New York's Southern Tier

As an employee of United Health Services, you'll call the Southern Tier, or more specifically, the Greater Binghamton area, home. Known for entertainment and restaurants, craft brews, outdoor experiences, minor-league sports, family-friendly events, and a keenness for local history (like our connection to the Twilight Zone and our six antique carousels), Greater Binghamton offers something for everyone. We're a short drive away from the Finger Lakes region in Central New York, three hours from New York City, and just shy of four hours from Niagara Falls, Canada.

United Health Services in an Equal Opportunity Employer.
